**In the soil a dream was planted
In the rich earth, just a seed
The ground was tilled so tenderly
To cultivate – the best in me**

**And the seed grew to a garden
As far as I can see
She welcomed me with open arms
That gave life to my dreams**

**Her lantern's light
Shines so bright
For the world to see**

**My Merced, UC Merced
My Merced...
From a seed**
